

## BWiC 2019 – REVISED WEBS TABLES

The data presented in the WeBS tables in BWiC 2019 did not, in all cases, represent a meaningful analysis. In the interest of clarity these table have been revised and are presented here.

In BWiC 2020 there is a note indicating that these revised tables are to be found on the CBDC website. The figures in each case represent the total count for the month concerned for each of the wider areas specified.
